

Calcium & Gene Hypertension

Kyuzo Aoki, President
Kent Hermsmeyer, Chairman

PORLAND, OREGON
JULY 10 - 14, 1991

SECOND ANNOUNCEMENT

November, 1990

This is the second announcement of the International Symposium, to be held at the Portland Marriott Hotel. The July 10-14, 1991 symposium will include lively discussions of emerging theories of essential hypertension combining ionic mechanisms and cell biology. Be sure to reserve your calendar in mid-July, 1991, and send in the attached sheet to be included on the preferred mailing list, if you have not already done so.

Topics will include:

Membrane Excitation	Ca ⁺⁺ Channels	Ion Transport
DNA probes	Intracellular Messengers	Mitogens
E-C Coupling	Growth	Ca ⁺⁺ Regulatory Hormones

Theme Lecturers: *David Bohr* *Hirosi Kuriyama*

Speakers will include:

B. Berk, F. Bühler, R. Bokoski, R. Busse, T. Druke, S. Ebashi, M. Endo, S. Fleischer, S. Fujimoto, T. Inagami, A.W. Jones, H. Karaki, T. Kurtz, T. Lüscher, D. McCarron, K. Miyagawa, K. Nakayama, G. Owens, M. Peach, L. Resnick, N. Rusch, A. Schwartz, S. Schwartz, T. Scott-Burden, A.V. Somlyo, H. Suzuki, T. Tanabe, N. Toda, C. van Breemen, P. Vanhoutte, Y. Yamori and Y. Yazaki

A \$270 Conference Fee includes registration, meals, and special events. A spouse program will also be offered.

Abstracts - This is the first call for Abstracts, which should be typed in a 6 inch wide by 4 inch high space. (No special form is necessary.)

Abstract Deadline for premier consideration is February 1.
